INVITATION TO BID - SAMPLE (FICTIONAL)

Riverside 600 MW Combined Cycle Power Plant Project - Bid Documents Volume 1

This is a fictional document generated for software testing only.

SECTION I - INSTRUCTIONS TO BIDDERS

1. General

1.1 The Employer, Northbay Energy Authority (the "Employer"), invites sealed bids for the Riverside 600 MW Combined Cycle Power Plant Project (the "Project").

1.2 The Site is located in the Riverside Industrial Zone, Port Halden, Republic of Nordavia.

1.3 The scope of work comprises the engineering, procurement, construction, commissioning and testing of a 600 MW combined cycle power plant including two gas turbines, two heat recovery steam generators, one steam turbine, a 400 kV switchyard and all balance of plant.

1.4 The Contract shall be a lump sum turnkey EPC contract based on the FIDIC Conditions of Contract for EPC/Turnkey Projects (Silver Book), 2017 Edition, as amended by the Particular Conditions.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

2. Bidding Schedule

2.1 A pre-bid meeting and site visit will be held on 2026-01-20 at 10:00 hrs at the Employer's site office. Attendance is mandatory for all bidders.

2.2 Bidders may submit requests for clarification in writing no later than 2026-02-10. The Employer will respond to all clarification queries within ten (10) days.

2.3 Bids must be received at the Employer's address no later than 2026-03-16 at 14:00 hrs local time (the bid submission deadline). Late bids shall be rejected.

2.4 Bids shall remain valid for a period of 180 days after the bid submission deadline.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

3. Preparation of Bids

3.1 The Bid shall comprise two separate envelopes: Envelope A (Technical Proposal) and Envelope B (Price Proposal including the completed Price Schedules).

3.2 The currency of the Bid shall be United States Dollars (USD). Local costs may be quoted up to 20% in Nordavian Krona (NVK) at the exchange rate published by the Central Bank 28 days prior to the bid submission deadline.

3.3 Each bid shall be accompanied by a Bid Security in the amount of 2% of the Bid Price, in the form of an unconditional bank guarantee valid for 28 days beyond the bid validity period.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

4. Evaluation and Award

4.1 Bids will be evaluated on a pass/fail technical evaluation followed by commercial evaluation. Technical compliance carries a weighting of 30% and price a weighting of 70%.

4.2 The Contract will be awarded to the bidder whose bid is technically compliant and has the lowest evaluated price after applying the weighting.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

SECTION II - PARTICULAR CONDITIONS OF CONTRACT

Clause 4.2 Performance Security

The Contractor shall deliver a Performance Security in the amount of 10% of the Contract Price within 28 days after receiving the Letter of Acceptance. The Performance Security shall remain valid until the issue of the Performance Certificate.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

Clause 4.8 Local Content

The Contractor shall ensure that not less than 30% of the total value of the Works is sourced from Nordavian nationals, local subcontractors and local suppliers (in-country value).

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

Clause 8.2 Time for Completion

The Time for Completion of the whole of the Works shall be 36 months from the Commencement Date.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

Clause 8.8 Delay Damages

If the Contractor fails to achieve Taking Over by the Time for Completion, the Contractor shall pay liquidated damages to the Employer at the rate of 0.15% of the Contract Price per calendar day of delay.

The total amount of delay damages shall not exceed a maximum of 20% of the Contract Price.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

Clause 11.3 Defects Notification Period

The Defects Notification Period shall be 24 months from the date of Taking Over, and shall be extended for any repaired or replaced item by a further 12 months, subject to an overall maximum of 36 months.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

Clause 13.8 Adjustments for Changes in Cost

The Contract Price is fixed and firm and shall not be subject to any adjustment for rise or fall in the cost of labour, materials, equipment or other inputs to the Works.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

Clause 14.2 Advance Payment

The Employer shall make an advance payment of 10% of the Contract Price, against submission of an Advance Payment Guarantee of equal amount. The advance payment shall be recovered by deductions from interim payments.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

Clause 14.3 Application for Interim Payments

The Contractor shall submit monthly statements. The Employer shall pay the amount certified in each Interim Payment Certificate within 56 days after receiving the statement and supporting documents.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

Clause 14.9 Retention Money

Retention Money of 10% shall be deducted from each interim payment until the total Retention Money reaches 5% of the Contract Price. Half shall be released at Taking Over.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

Clause 17.6 Limitation of Liability

The total liability of the Contractor to the Employer under or in connection with the Contract shall not exceed 100% of the Accepted Contract Amount. Neither Party shall be liable for loss of profit or any indirect or consequential loss, except in cases of fraud or wilful misconduct.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

Clause 19 Insurance

The Contractor shall effect and maintain Contractor's All Risks insurance for the full replacement value of the Works and third party liability insurance with a minimum limit of USD 50,000,000 per occurrence.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

Clause 21 Disputes and Arbitration

The Contract shall be governed by the laws of the Republic of Nordavia. Any dispute not settled amicably shall be finally settled by arbitration under the Rules of Arbitration of the International Chamber of Commerce (ICC), with the seat of arbitration in Singapore.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.

The Contractor shall comply with all applicable laws, permits, codes and standards, including the Employer's health, safety and environmental requirements, quality management procedures and document control procedures. All drawings, specifications, calculations and data sheets shall be submitted for review in accordance with the Employer's Requirements. Review by the Employer shall not relieve the Contractor of any of its obligations.
